

ST. TERESA'S CATHOLIC PRIMARY SCHOOL ADMISSION POLICY IN YEAR ENTRY between Y1 and Y6 for the Academic Year 2022/23

Our Mission

***As a Catholic school community we work together to provide our children with a high quality education through a curriculum and in an environment which has Gospel values at its heart. We have shared responsibility for our Core Values which are Love, Trust, Teamwork and Ambition. We always try to follow the words of St. Teresa
"Love Proves Itself by Deeds"***

Background Information

St. Teresa's is a Voluntary Aided Catholic Primary School in the trusteeship of the Archdiocese of Southwark. The school is conducted by its governing body as part of the Catholic Church, in accordance with its Trust Deed and Instrument of Government, and seeks at all times to be a witness to Jesus Christ. The school exists primarily to serve the Catholic community. This policy therefore gives priority to Catholic children. However, the Governing Body welcomes applications, subject to the availability of places, from those of other denominations and faiths who support the religious ethos of the school.

Having consulted with the Local Authority, the Diocese and other admission authorities, the Governors intend to admit a maximum of up to 60¹ pupils without reference to ability or aptitude in year groups Reception to Y6. Where the number of applications exceeds 60, the governors will offer places using the following criteria, in the order stated.

Admissions procedure

Parents/carers are asked to complete a Supplementary Application Form available from the school. The completed supplementary form should then be returned to the school.

Parents/carers who submit a supplementary form are given priority over those applicants who do not. You are advised to make two copies of the supplementary form. You should retain one copy and pass the second copy to your priest/minister/faith leader, as indicated on the form itself. Offers of places will be sent to parents by the School.

¹ This number will include all children, whether Catholic or not, who have an Education Healthcare Plan and are thereby admitted by law.

Admission Criteria

Where the number of applications on behalf of children exceeds 60 per year group the Governors will offer places, in the order stated, using the following criteria:

1. Baptised 'looked after'² Catholic³ children and all previously looked after children in the care of Catholic families, including those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.
1. Baptised Catholic children of practising² Catholic families attending church weekly, resident in the parish of St. Teresa's.
2. Baptised Catholic children of practising Catholic families attending church weekly, living in other parishes.
3. Baptised Catholic children of practising Catholic families attending church less frequently resident in the parish of St. Teresa's.
4. Baptised Catholic children of practising Catholic families attending church less frequently living in other parishes.
5. Baptised Catholic children or children enrolled in the Catechumenate³.
6. Other Looked After children.
7. Children who are baptised members of the Eastern Orthodox Churches not in union with the Bishop of Rome.
8. Children for whom the school is particularly suitable on medical or social/pastoral grounds⁴.
9. Children of families who are members of other Christian denominations⁵.
10. Children of other faiths.
11. Any other children.

² *Practising Catholic means attending Sunday Mass (which includes Saturday evening) each week for the past two years. This will be verified by the Priest on the Supplementary Form. If this is less than 2 years, a letter from the parent(s)/child's previous Parish Priest will be required for verification. This will be verified by the Priest on the Supplementary Information Form. Should you attend Mass in more than one Parish, please submit a Supplementary Inform Form for each Parish your parent(s)/child worships in.*

³ *A member of the Catechumenate means a child who is to be baptised prior to entry to the school.*

⁴ *Supporting, written evidence must be provided by a qualified medical practitioner or social worker. The supporting evidence should set out clearly the particular medical and/or social reasons why St Teresa's is the most suitable school and the difficulties that would be caused if the child had to attend another school.*

⁵ *Other Christian denominations mean churches which are full members of ChurchesTogether in England*

Over-subscription criteria

The following order of priorities will be applied to each category, in turn, when applications within any of the above categories exceed the places available and it becomes necessary to decide between applications:

- I. The attendance of a sibling⁶ at the school at the time of admission.
- II. A child whose parent is a member of staff, where the member of staff has been employed at the school for two years at the time at which the application for admission is made and/or the member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage.
- III. For categories 4, 5 & 6 above, the strength of commitment to the faith as demonstrated by the level of the parent(s)/child's Mass attendance. The evidence must be provided by the parents or guardians and should be endorsed by the priest(s) at the church(es) where the parent(s)/child normally worships. Applications will be ranked in the order shown on the supplementary form, first weekly, less often or non-attendance.
- IV. For categories 7 and 8 above, the strength of evidence of commitment to the faith as demonstrated by the level of the parent(s)/child's attendance at services. This evidence must be provided by the parents or guardians and can be endorsed by a priest or minister from the place where the parent(s)/child normally worships.
- V. The governing body may give priority to an application within a category where evidence is provided, at the time of application, of an exceptional social, medical or pastoral need of the child which makes the school particularly appropriate for the child in question. Supporting, written evidence must be provided by a qualified medical practitioner or social worker. The supporting evidence should set out clearly the particular medical and/or social reasons why St Teresa's is the most suitable school and the difficulties that would be caused if the child had to attend another school.
- VI. The distance⁷ from the child's home to the school gate. This will be measured in a straight line as provided by the Local Authority.

⁶ A qualifying sibling is a brother or sister (or step-brother/sister, adopted brother/sister) who is part of the same parent(s)/child unit living at the same address. This does not include children in the Nursery or Year 6 at the time the application is made.

⁷ Distance from home to school: When applying admission criteria, distances are measured using the distances provided by the Local Authority, derived from their computerised mapping system with priority being given to those who live nearest the school. Full details can be found in the Local Authority Admission Arrangements. The child's address should be that of the child's permanent residence. You may not give the address of a relative or carer unless they have legal custody of the child. If parents are separated and share custody of the child, the address given should be that of the parent with whom the child spends most of the school week, which will normally be the address where Child Benefit is payable. If the parent making the application lives at a different address from the child, a letter of explanation should be attached. An application can only be made from a single address, and only a single application can be made for each child. It is not acceptable for a parent(s)/child to use a temporarily rented address to secure a place of their preference. Where there are two children of equal distance and only one place available a tie breaker will take place where lots will be drawn to determine rank order.

Admission of children outside their normal age group

Parents who are seeking a place for their child outside of their normal age group, e.g. the child has experienced problems such as ill health or the parents of a summer born child preferring not to send their child to school until the September following their fifth birthday, may request that they are admitted out of their normal age group – to reception rather than year 1.

Governors will make decisions on the circumstances of each case and in the best interests of the child concerned. This will include taking account of the parent's views; information about the child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group, and whether they may naturally have fallen into a lower age group if it were not for being born prematurely. They will also take into account the views of the school's head teacher. When informing a parent of the decision which year group the child should be admitted to, the governors will set out clearly the reasons for their decision.

Where the governors agree to a parent's request for their child to be admitted out of their normal age group and, as a consequence of that decision, the child will be admitted to the age group to which pupils are normally admitted to the school the local authority will process the application as part of the main admissions round, (unless the parental request is made too late for this to be possible) and on the basis of the determined admission arrangements, including the application of oversubscription criteria where applicable. Parents have a statutory right to appeal against the refusal of a place at a school for which they have applied. This right does not apply if they are offered a place at the school but it is not in their preferred age group.

Pupils with a Statement of Special Educational Needs or Education, Health and Care (EHC) Plan

The admission of pupils with a Statement of Special Educational Needs or with an EHC Plan is dealt with by a completely separate procedure. The procedure is integral to the making and maintaining of statements and EHC plans by the pupil's home local authority. Details of this separate procedure are set out in the SEND code of practice. Pupils with a statement or EHC plan naming the school will be admitted without reference to the above criteria.

Waiting Lists

Parents of children who have not been offered a place at the school must ask for their child's name to be placed on a waiting list. The waiting list will be maintained by the school until the end of the current academic year. It will be operated using the same admissions criteria listed above. Placing the child's name on the waiting list does not guarantee that a place will become available. This does not prevent parents from exercising their right to appeal against the decision not to offer a place.
